

Pastoral Care and Support

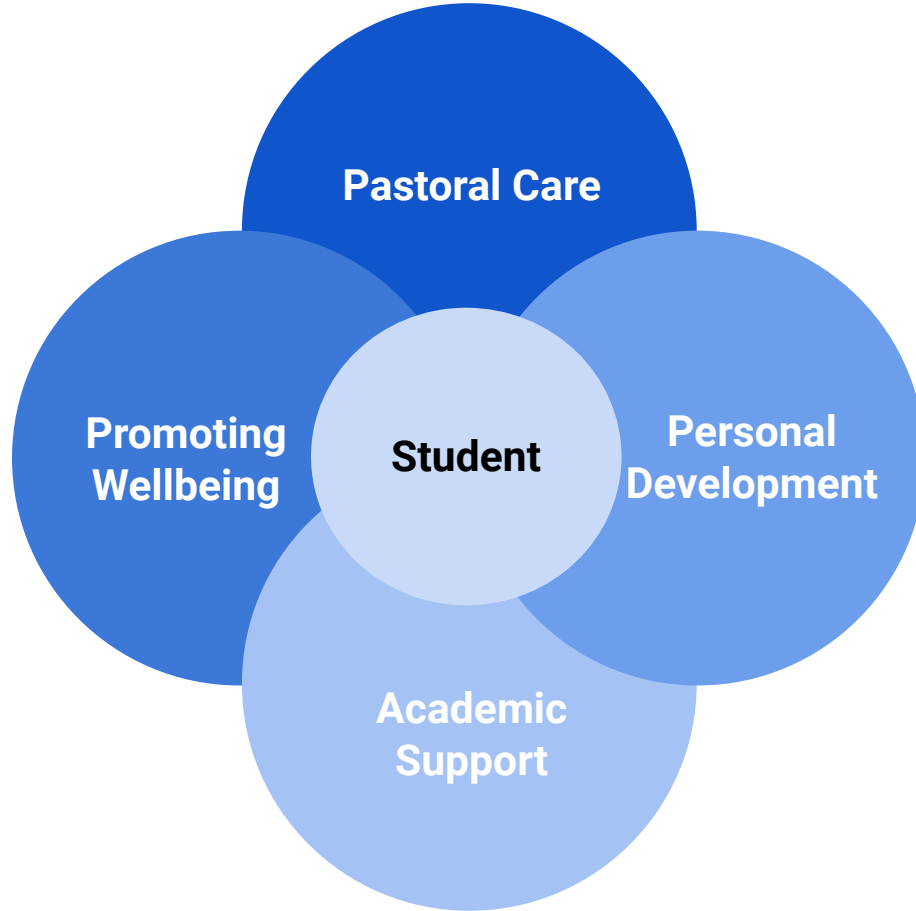

Here at Southborough High School we pride ourselves on our pastoral care and support to all our students and their parents.

As I am sure you are aware by now of our purpose as a school is '*making the difference to all our students*' and this is driven through our core values of Respect, Relationships and Support.

We truly believe in building these core values and with it students will be safe, happy and take pride in themselves and their school.

A whole school priority for all our staff is early intervention and as a school we are fully committed in providing all students the care and support they need from day one to ensure they become confident and respectful young men.

We strive to achieve this through our **Student Support Service** which can be seen below -
